General Orientation

General Orientation is a basic introduction to Special Olympics. It covers the Special Olympics mission and philosophy, organizational history and structure, intellectual disabilities and eligibility, and sports opportunities, initiatives and rules. The General Orientation is necessary for all who are interested in working with Special Olympics Athletes.

Skills Course – Sport Specific – Alpine/Cross Country/Snowshoe

The Skills Course is offered in each Special Olympics sport and focuses on the basic skills and strategies of the sport. It provides an application of the Special Olympics mission and philosophy in a sport-specific way. The Skills Course includes a classroom session, an activity session performing the skills with the lead trainers, and a model training session with athletes.

Registration will be held at Sugarbush
